Something to add to the Mantelpiece

Quest is pleased to report a successful night at the recently held Electronic Industry Awards (EIA), winning the 2005 Export Excellence Award as well as Engineering Graduate of the Year Award which was awarded to Quest Engineer, Chris Swan.

David Brown receiving the Export Award from His Excellency the Governor General

hard working team. We are particularly proud of Chris winning Engineering Graduate of the Year. This is a just reward for a talented and dedicated engineer and also a fantastic recognition for our Graduate Intake Scheme".

Chris Swan, who has a double degree in Electronic Engineering and Computer Science, received the award for his exceptional engineering performance and in particular his work on Quest's RF proximity stored value payment systems as installed at Water World in Denver and several other US locations.

Quest Retail Technology is the largest developer and manufacturer of Point of Sale Systems in Australia and has over 35,000 terminals installed in 20 Countries Worldwide in a diverse range of applications including, Bars, Clubs, Restaurants, Fast Food, Stadiums, Arenas, Race Tracks, Theme Parks, Cinemas and Franchises.

Chris Swan giving his acceptance speech

As a measure of the standing of the Awards, His Excellency the Governor General of Australia Michael Jeffery (the Queens representative and Australia's Constitutional Head) was keynote speaker and also presented the awards.

Quest has developed substantial export markets in North America, Europe and Africa. Export revenue in the previous 12 months represented over 50% of annual sales and more than double the previous year's export revenue.

Quest Managing Director, David Brown said "Awards such as these are magnificent acknowledgement of our
